LEARNING OBJECTIVES

PRINCE2 Agile® is **the world's most complete project management solution**, combining the flexibility and responsiveness of agile with the clearly defined framework of PRINCE2.

Participants will learn **how to apply and adapt** the PRINCE2 principles, themes, processes and management products in an agile context and will be ready to take your PRINCE2 Agile Foundation and Practitioner exams.

- Allows you to focus on both management and delivery
- Works with any established agile approach
- Be on time and hit deadlines more consistently
- Lets you scale to your precise requirements and pragmatism
- Increase stakeholder confidence
- Covers the most successful and popular agile approaches and working practices

COURSE APPROACH

The Foundation level aims to confirm that you **know and understand the PRINCE2 Agile method well enough** to be able to work effectively with, or as a member of, a project management team working within an environment supporting PRINCE2 Agile. It gives a general understanding of the approach and the terminology used.

The course covers an overview of PRINCE2, an introduction to agile and how to apply the two together.

WHO WILL BENEFIT FROM THIS COURSE ?

This qualification is designed for PRINCE2 users who are new to PRINCE2 and are working in or around an agile project environment.

PREREQUISITES

There are no prerequisites for the Foundation level. However, a basic knowledge of PRINCE2 principles and Agile is highly recommended.
