

PECB ISO 22361 Certified Lead Crisis Manager

5 Days (31 Hours) / Exam included

Our **PECB-certified ISO 22361 Lead Crisis Manager course** provides valuable information on the concepts, principles and practices of crisis management. You will develop the skills to lead and support your organisation in **developing and maintaining an effective crisis management plan**.

- Support the organisation in planning, deploying, monitoring, and continual improvement of its capability for strategic crisis management in accordance with ISO 22361 and other best practices.
 - Understand the fundamental concepts and principles of crisis management
 - Learn to establish and implement a crisis management framework
- Includes the certification and examination fees, extensive training materials and your copy of the ISO 22361:2022 standard
- Each learner will receive a course completion certificate with 31 CDP credits
 - B2B Learning is a [PECB Authorized Partner](#)

COURSE OBJECTIVES

The PECB Lead Crisis Manager training course helps participants **develop their competence** to support an organization in planning, establishing, maintaining, reviewing, and continually improving its strategic crisis management capability based on the **guidelines of ISO 22361 and other best practices**. It also provides information regarding the fundamental concepts and principles of crisis management and the effective **establishment and implementation of a crisis management framework**.

In addition to the explanation of the theoretical concepts related to crisis management, the training course provides **practical examples and scenario-based quizzes** that will help you reinforce your knowledge and prepare you for real-life scenarios concerning crisis management.

Upon the completion of the training course, participants **can sit for the exam and apply to obtain the “PECB Certified Lead Crisis Manager” credential once they pass the exam**. The credential demonstrates that the participant possesses the theoretical and practical knowledge and skills to support and lead an organization in designing and developing its crisis management capability based on ISO 22361 guidelines and best practices in this field.
